“Memorial day, an American holiday observed on the last Monday of May, honors men and women who died while serving in the U.S. Military. Originally known as Decoration Day, it originated in the years following the Civil War and became an official federal holiday in 1971.”

From The History Channel

Memorial Day marks a time to remember those who have died giving service to the United States. **HAYS Cleaning** also recognizes our veterans, along with the spouses and parents of those who have served this great nation.

Defining “Veteran”

Although there is no universally accepted definition of a veteran, the common understanding is that a veteran is someone who has served in the military for a period of at least 180 days.
